How to Use This Section

The products in this section of the catalog are organized by architectural style. You can find a variety of products to match the aesthetics of almost any application conveniently grouped together. Where applicable, groupings of brackets, corbels and dentil blocks are further sorted by height, from smallest to largest.

How to Order

Decorative Millwork

The first step when ordering decorative millwork is to determine the type of product needed. Then find the proper size for your specific application by measuring the width and height.

Remember to Order Adhesive
A urethane-based adhesive ***must*** be used on all joint surfaces. See page 190 to order Loctite® PL Premium® Adhesive.*

Decorative Millwork Accessories

Some decorative millwork products have accessories available or are an accessory to another product. All decorative millwork accessories are unattached and must be ordered separately.
